WHEREAS, the California Statewide Communities Development Authority (the "Issuer") is authorized and empowered by the provisions of Title 1, Division 7, Chapter 5 of the Government Code of the State of California to issue its Obligations pursuant to the California Industrial Development Financing Act, as amended and supplemented (the "Act"), for the purpose of financing certain costs of a project, as that term is defined in the Act; and

WHEREAS, the Borrower desires to acquire, construct, rehabilitate and improve property, including real and personal property, to be used as, or as a part of, a manufacturing facility (the "Project"); and

WHEREAS, the Borrower is willing to acquire, construct, rehabilitate and improve the Project upon the issuance by the Issuer of the Obligation to finance the Project pursuant to the Act; and

WHEREAS, the Borrower has heretofore submitted, and this Commission has accepted, an application requesting financing for the Project; and

WHEREAS, the Issuer may not issue the Obligation to finance the Project until this Commission makes certain determinations with respect to public benefits and qualification of the Project as required by the Act; and

WHEREAS, this Commission has carefully considered and discussed the information contained in the Borrower's application and other information necessary to make such determinations; and

WHEREAS, this Commission desires to induce the Borrower to commence acquisition, construction, rehabilitation and improvement of the Project at the earliest possible time so as to produce the public benefits set forth herein; and

WHEREAS, the Issuer, in the course of assisting the Borrower in the financing of the Project, expects that the Borrower has paid or may pay certain expenditures (the "Reimbursement Expenditures") in connection with the Project within 60 days prior to the adoption of this Resolution and prior to the issuance of the Obligation for the purpose of financing costs associated with the Project on a long-term basis; and

WHEREAS, the Issuer reasonably expects that the Obligation in an amount not expected to exceed the Maximum Principal Amount will be issued and that certain of the proceeds of the Obligation may be used to reimburse the Reimbursement Expenditures; and

WHEREAS, Section 1.103-8(a)(5) and Section 1.150-2 of the Treasury Regulations require the Issuer to declare its reasonable official intent to reimburse prior expenditures for the Project with proceeds of a subsequent borrowing;

NOW, THEREFORE, the Commission of the California Statewide Communities Development Issuer does hereby resolve as follows:

Section 1. This Commission hereby finds and determines that the foregoing recitals are true and correct.

Section 2. This Commission hereby finds and determines that:

(a) the Activities and Uses of the Project are in accord with Section 91503 of the Act;

(b) the use of the Project is likely to produce the Anticipated Public Benefits;

(c) the issuance of the Obligation by the Issuer in an amount sufficient to finance certain costs of the Project, which is now estimated not to exceed the Maximum Principal Amount, as described in the Borrower's application attached hereto as **Exhibit A**, is likely to be a substantial factor in the accrual of one or more of the Anticipated Public Benefits from the use of the Project as proposed in the Borrower's application; and

(d) the acquisition of the Project by the issuance of the Obligation is otherwise in accord with the purposes and requirements of the Act.

Section 3. It is the present intent of the Issuer to issue, at one time or from time to time, the Obligation (the interest of which is intended to be exempt from federal income taxation) when permitted to do so under the Act in the amount not to exceed the Maximum Principal Amount to finance certain costs of the Project.

Section 4. This Resolution is being adopted by the Issuer for purposes of establishing compliance with the requirements of Section 1.103-8(a)(5) and Section 1.150-2 of the Treasury Regulations. In that regard, the Issuer hereby declares its official intent to use proceeds of indebtedness

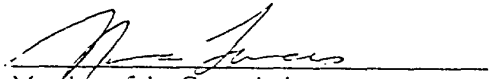

to reimburse the Reimbursement Expenditures. Notwithstanding the foregoing, this resolution does not bind the Issuer to make any expenditure, incur any indebtedness, or proceed with the financing of the Project.

Section 5. This resolution shall take effect immediately upon its passage.

PASSED AND ADOPTED by the California Statewide Communities Development Authority this 19th day of December, 2000.
